

European Lymphatic Symposium, (ELS) 2027, April 15-17, 2027, Budapest, Hungary

április 15		SPEAKER	Organ-Specific Lymphatics in Health and Disease (I)
8:55 - 9:00	Welcome address		
9:00 - 9:45	Keynote lecture 1	Timothy P. Padera Harvard Medical School, Boston,	Lymphatic system function in aging and cancer progression
9:45 - 10:00	Short talk 1*		
10:00 - 10:15	Short talk 2*		
10:15 - 10:45	Coffee break		
10:45 - 11:15	Invited talk 2	David A. Long	Kidney lymphatics in development, health and disease
11:15 - 11:45	Invited talk 3	Simon J. Cleary	Understanding how lymphatics limit lung inflammation
11:45 - 12:15	Flash talks		
12:15 - 13:15	Lunch break		
13:15 - 14:45	Poster Session I		
április 15		SPEAKER	Lymphatic Endothelial Signal Integration
15:00 - 15:30	Invited talk 4	Sofia-Iris Bibli University of Heidelberg, Germany	Death by Design: Controlling Lymphatic Fate for Tissue Repair
15:30 - 15:45	Short talk 3*		
15:45 - 16:00	Short talk 4*		
16:00 - 16:30	Coffee break		
16:30 - 17:00	Invited talk 5	Maïke Frye	TBD
17:00 - 17:15	Short talk 5*		
17:15 - 17:30	Short talk 6*		
17:30 - 19:00	Poster Viewing & Beers		
19:30	Speaker's dinner		
április 16		SPEAKER	Lymphatics in Development
9:00 - 9:45	Keynote lecture 2	Natasha Harvey Adelaide University, Australia	Defining the mechanisms by which lymphatic endothelial cell identity is transcriptionally programmed
9:45 - 10:00	Short talk 7*		
10:00 - 10:15	Short talk 8*		
10:15 - 10:45	Coffee break		
10:45 - 11:15	Invited talk 7	Oliver Stone	Developmental Origins of Lymphatic Endothelium
11:15 - 11:45	Invited talk 8	Kaska Koltowska Uppsala University, Sweden	Cellular and molecular dynamics shaping lymphatic vessel development
11:45 - 12:15	Flash talks		
12:15 - 13:15	Lunch break		
13:15 - 14:45	Poster Session II		
április 16		SPEAKER	Lymphatic-Immune Interactions
15:00 - 15:30	Invited talk 9	Kari Vaahtomeri	Guided cell migration in lymphatic system
15:30 - 15:45	Short talk 9*		
15:45 - 16:00	Short talk 10*		
16:00 - 16:30	Coffee break		
16:30 - 17:00	Invited talk 10	Zoltán Jakus Semmelweis University, Hungary	Lymphatic-Innate Immune Mechanisms in Responses to Nucleoside-Modified mRNA-LNPs
17:00 - 17:15	Short talk 11*		
17:15 - 17:30	Short talk 12*		
19:00	Conference Gala Dinner		
április 17		SPEAKER	Organ-Specific Lymphatics in Health and Disease (II)
8:30-9:00	Election of next organising committee		
9:00-9:30	Invited talk 11	Paul Riley	The role(s) of the cardiac lymphatics in disease
9:30-9:45	Short talk 13*		
9:45-10:15	Invited talk 12	Friedemann Kiefer Max Planck Institute for Molecular	Organ specific lymphatic vessels - structures and functions
10:15-10:30	Short talk 14*		
10:30-11:00	Coffee break		
11:00-11:30	Invited talk 13	Ebba Brakenhielm University Rouen Normandy, France	Cardiac lymphatic dysfunction: Functional, structural and molecular alterations accompanying heart failure
11:30 - 11:45	Short talk 15*		
11:45-12:15	Invited talk 14	Claus Cursiefen University of Cologne, Germany	Perioperative antilymphangiogenesis to prevent immune reactions in high-risk corneal transplantation: from mice to man
12:15-12:30	Short talk 16*		
12:30-13:00	Awards and Closing Remarks		
13:00	Lunch and departure		
* talk selected from submitted abstracts
